Waste separation at home:
What can I put in my bags or bins?

Waste is produced in every household. With this brochure we will help you to facilitate the separation of waste at your site.

We pick up from your property:

- Wastepaper in the wastepaper bin
- Bio-waste in the organic waste bin
- Residual waste in the residual waste bin
- Packaging materials in the yellow bags
- Furniture, electrical appliances and other bulky waste from the household via the bulky waste removal

Please put your bio, paper and residual waste bins, the yellow bags and the bulky waste out by 6 a.m. in the morning on your collection date at the front of your property.

For the following waste we established collecting points:

- Please bring hazardous waste to the local collection centres
- Please dispose of glass bottles / glasses in the collection containers

On our website www.hameln-pyrmont.de/KreisAbfallWirtschaft you will find information about collection points in your vicinity. Here you can find also the corresponding information on other offers of the KAW and many additional tips for the disposal of waste. For example you can create yourself under

www.hameln-pyrmont.de/KreisAbfallWirtschaft/Abfuhrtermin_Modul

a yearly calendar with your pick-up dates or set up an e-mail reminder of upcoming pick-up dates.

You can reach the KreisAbfallWirtschaft under:

Bulky waste

Bulky waste is picked-up at the property approximately 4 weeks after having received the written application.

Bulky waste includes:
- Electrical and cooling appliances
- Bicycles
- Ovens, stoves
- Furniture, mattresses
- Carpets, wall-to-wall carpets
- Metals

Bulky waste does not include…

… but goes into the household waste bin:
- Small parts, waste in bags or cartons

… but has to be brought to the Entsorgungspark (Recycling Park) Hameln:
- Construction-materials
  (like windows, doors, parquet, laminate and similar)
- Items made of glass, ceramic, porcelain, clay, marble, concrete or plaster

How the bulky rubbish collection service works:

- first inform us in writing about the bulky objects you wish us to collect (by postcard included in the waste calendar, by mail under sperrmuell@kaw-hameln.de, by fax or by using the online-form)
- you will be informed about the collection date by ordinary mail approximately one week before
- make the items available for collection on your collection date, sorted to wood, metal, other bulky waste and electrical appliances

Entsorgungspark Hameln
Zum Sachsengrund 15, 31789 Hameln – between Afferde and Hilligsfeld

Opening hours:
April-October: Tues.- Fri. 2 - 5 p.m., Sat. 9 a.m.- 12.00 p.m.
